We Are Brimbank

Building our community

The We Are Brimbank Council Plan 2025–2029 sets our long-term vision and priorities based on what our community has told us matters most.

The Annual Action Plan and Budget 2026/2027 explains how we will deliver this vision. It outlines 67 actions we will focus on this year to progress the Council Plan.

Our services and annual actions are designed to support our community at every stage of life, from early years through to older age.

What we've heard from you

Through earlier community feedback, you told us your priorities included waste and recycling, health services, community spaces, and stronger community connections.

Have we missed anything?

Let us know if there's something else, we should focus on.

Investing in our community

The draft Annual Action Plan and Budget for 2026/2027 includes \$298.98 million to fund 69 diverse services and a capital works program of \$69.11 million for projects and infrastructure.
