## Acknowledgment of Country

Brimbank City Council respectfully acknowledges and recognise the Wurundjeri and Bunurong People as the Traditional Custodians of the land and waterways on which the municipality sits and pays respect to their Elders past, present and future. For the Traditional Custodians, the lands and waterways in the City of Brimbank have always been a significant trading and meeting place.

Council acknowledges that Aboriginal and Torres Strait Islander self-determination is a human right enshrined in the United Nations Declaration on the Rights of Indigenous People, and we are committed to working towards social, economic and cultural equity for Brimbank Aboriginal and Torres Strait Islander people.

## Inclusivity Statement

Brimbank's community comprises many diverse cultures, beliefs, abilities, bodies, sexualities, ages and genders. Council is committed to social justice through access, equity, participation and rights for everyone, as well as principles that empower, foster harmony and increase the wellbeing of an inclusive community.

# Mayor's Foreword

Along with my fellow Councillors, I am proud to present Brimbank's draft Annual Action Plan and Budget for 2025-2026.

This is the first Annual Action Plan and Budget in year one of our new Council's four-year term, and my fellow Councillors and I are committed to building a better Brimbank; one that is welcoming, beautiful, safe, and vibrant.

In the year ahead, you will see Council deliver essential services and infrastructure, while balancing financial sustainability, to ensure Brimbank remains a thriving, inclusive and future-focused community. We are also committed to fulfilling our legislative responsibility to protect, promote, and improve the public health and wellbeing of our community.

The Annual Action Plan and Budget will see an investment of \$273.2 million for operations, funding 76 different services, that span from maternal and child health, arts and culture, statutory planning, and parks and public spaces.

In addition, Council will further invest in initiatives that keep Brimbank clean and beautiful, including our crack down on illegal rubbish dumping, and the introduction of a rapid response team to improve our community's access and enjoyment of our parks and gardens.

Council also proposes to invest \$56.7 million on capital works to improve roads, community and sports facilities, kindergartens, playgrounds, parks, gardens, and walking and cycling paths.

We are prioritising community wellbeing, economic resilience, and sustainability, ensuring our investments reflect what's most important to our community and will contribute to a stronger, more connected Brimbank.

Our Annual Action Plan and Budget responds to what we've heard and understand to be most important to the community. The 69 actions outlined will help realise our community's long-term vision and deliver our Municipal Health and Wellbeing Plan, improving liveability, social equity, and sustainability.

We thank our community for their engagement in shaping this plan and for providing valuable feedback during Council's extensive community consultations.

We want everyone to feel **proud to be Brimbank** and to contribute to shaping the future of our city.

We look forward to providing these essential programs and services that will make Brimbank a better place to live, work, and play.

# Health and Wellbeing priorities

Health and wellbeing is influenced by the social, economic, cultural, built and natural conditions in which we live, learn, work and play. This Plan outlines what we will do to help achieve improved health and wellbeing outcomes.

Our Municipal Public Health and Wellbeing Plan (MPHWP) is embedded in this Annual Action Plan and Budget, ensuring a coordinated approach to community health challenges.

Council must determine its health and wellbeing priorities - these are key areas where we will focus our efforts to improve community wellbeing.

Our health and wellbeing priorities are informed by an examination of local health data in the Brimbank community and take into consideration the ten priorities of the current Victorian State Public Health and Wellbeing Plan. The Health and Wellbeing Act 2008 also requires councils to outline measures to prevent family violence and violence against women.

The health and wellbeing priorities for Brimbank are outlined in the infographic below. Actions contributing to our health and wellbeing priorities are represented in the Annual Action Plan by this symbol.

# Navigating our changing future

Brimbank and our community are impacted by a range of challenges and influences that affect how we plan for the future. From climate change and economic shifts to population growth and changing community needs, these factors create both opportunities and pressures for Council. Understanding these challenges and influences helps us make informed decisions, adapt to change and ensure Brimbank remains a thriving, resilient, and sustainable place for all.

## Challenges and influences Impact on the Annual Action Plan and Budget/ Council delivery of services and programs

### Income limitations and rising costs

Since 2016-2017, the Victorian Government has set a cap on how much Councils can increase rates. For 2025-2026, the cap is set at 3.00%, which is a small increase from the 2.75% cap in 2024-2025. However, this still restricts Council's ability to keep up with rising costs.

The rate cap limits revenue growth, making it harder for Council to meet rising demands for services and infrastructure. To maintain essential services, Council must find efficiencies, reassess priorities and seek alternative funding, making it challenging to fund new projects, maintain infrastructure and expand services.

At the same time, the increasing cost of infrastructure, materials and services further challenge Council's financial capacity.

### Cost shifting

The State Government requires Council to collect the Emergency Services and Volunteers Fund (ESVF) on its behalf, adding to Council's financial responsibilities without additional funding support.

This affects Council's ability to allocate resources efficiently, reducing available funds for local services and requiring additional administrative effort to manage these responsibilities.

### Growing gap between services and funding

As Federal and State Government funding remains static or declines, the gap between the cost of delivering services and available subsidies continues to widen. Grant revenue is projected to decrease by 8.64% in 2025-2026.

With less external funding support, Council must rely more on its limited revenue sources. This restricts the ability to expand or improve services, requiring careful financial planning to maintain essential programs within budget constraints.

### High service demands without resources

Council is expected to respond to a wide range of community needs—such as managing building cladding in line with legislation and helping communities cope with cost-of-living pressures—even when it lacks the funding and resources to do so. At the same time, it must comply with state and federal laws and deliver a range of mandated services, many of which require substantial administrative effort and resourcing.

Without dedicated funding, Council must either redirect resources from essential services or leave some needs unmet, requiring tough decisions on priorities and service levels. Regulatory changes also add pressure, such as new traffic management accreditation requirements for Parks Services, which have increased annual Council costs significantly.

## Challenges and influences Impact on the Annual Action Plan and Budget/ Council delivery of services and programs

### Growing community expectations for digital services

Residents increasingly expect fast, accessible and user-friendly digital services for tasks like paying rates, finding information and submitting requests online.

While new technology can make services more efficient, it comes with additional implementation costs, cybersecurity, system upgrades and ongoing maintenance.

### Environmental challenges

Climate change, extreme weather events and waste management put pressure on Council resources, as these issues cannot be ignored without causing long-term harm. Historically, Brimbank was Melbourne's manufacturing hub and, unfortunately, a dumping ground for much of the city's waste. This legacy has left us with significant ongoing costs tied to managing former landfill sites and addressing contamination issues.

Managing contamination, maintaining landfill sites and addressing illegal dumping requires significant funding, limiting resources available for other community priorities. The need for long-term environmental investment shapes Council's planning and decision-making, requiring services and programs to incorporate sustainability, effective waste management, and environmental restoration. Our planning and decision making is also influenced by the impacts of climate change on our environment and community health.

### Waste management

Brimbank faces rising waste management costs due to increasing State Government landfill levies. From 1 July 2025, the levy will rise from \$132.76 to \$169.79 per tonne, adding financial pressure on Council. This increase of almost 28% is applied to all waste disposed of via landfill by Council and is a significant contributor to the increasing cost of waste management. Illegal dumping further strains resources and increases the cost of maintaining a clean, sustainable environment.

With higher waste management costs, Council must allocate resources carefully, potentially impacting other services. This reinforces the need for waste reduction strategies, including recycling, minimisation, enforcement and community education to manage costs while protecting the environment.

# Engaging with community

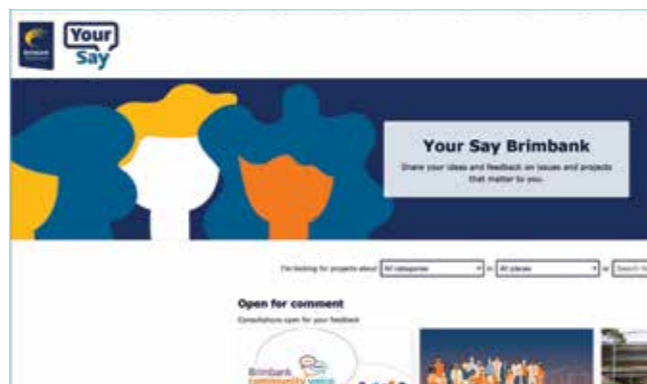

Council is dedicated to regular and meaningful engagement with the community to enhance understanding of plans and projects. This approach aims to gather community perspectives and build trust through transparency and responsiveness.

The Annual Action Plan and Budget 2025-2026 was informed by the following community consultations. A summary of key priority areas is provided in the following section. It is aligned to our strategic Pillars of People, Place, Prosperity, and Leadership and Governance.

## Broad community consultation

Council's Community Engagement:

- Engaging seniors and carers to discuss community strengths and areas for improvement and the **Seniors and Carers Expo in June 2024**
- Collecting input from **107 residents** on community priorities through Council's YourSay page
- Engaging **104 children** under age 12 to draw pictures representing the three most important things they liked and thought were important for Brimbank
- Facilitation of a **Community Panel** comprising 39 representative community members to undertake the deliberative engagement process
- Targeted engagement with **Community Health and Social Services** to inform the Municipal Public Health and Wellbeing Plan and
- Online workshop with 23 community members to discuss design of **community spaces and promoting health and wellbeing**

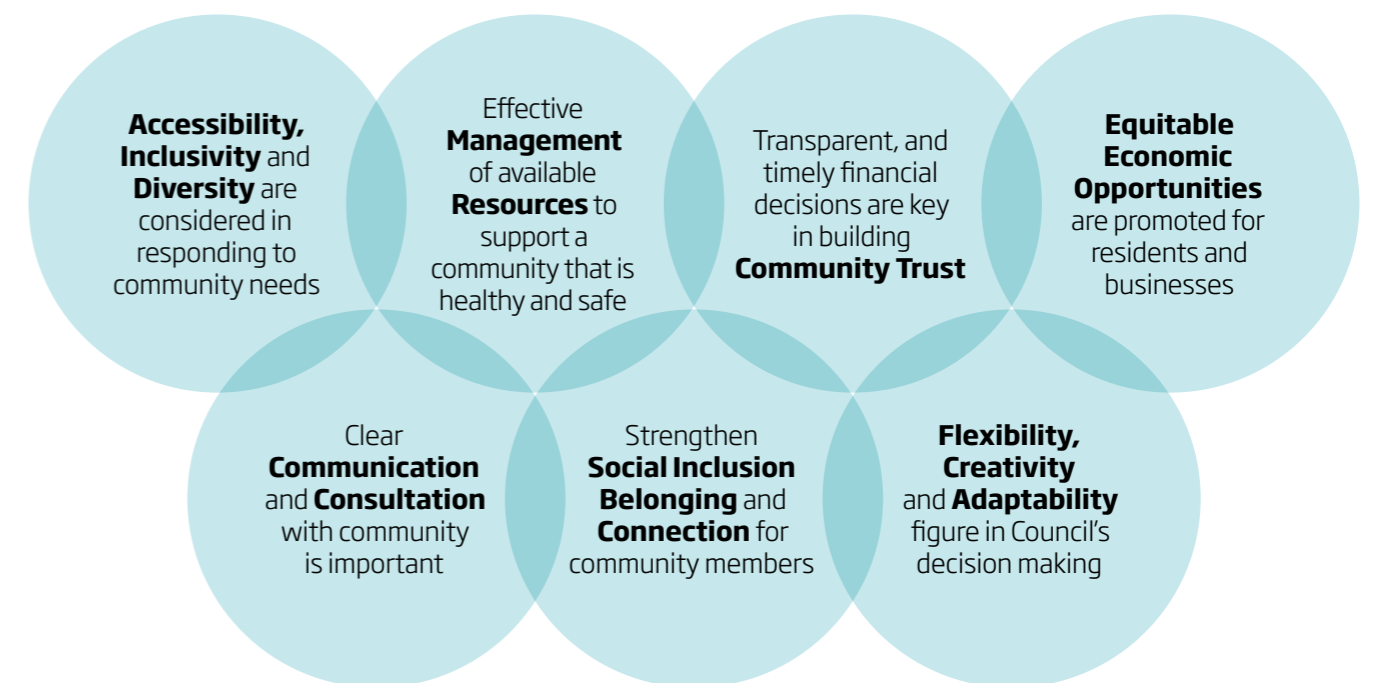

## Deliberative engagement – our community panel

In addition to the broader community consultation, Council conducted a targeted deliberative engagement with the Brimbank Community Panel. This panel, consisting of 39 diverse members aged 18-75+, was designed to reflect the demographics of the Brimbank municipality. The panel worked collaboratively to reaffirm the Community Vision, understand and work on key challenges, and develop principles to guide Council in making decisions that reflect the needs and aspirations of residents. By incorporating the principles into the Council Plan 2025-2029, and this Annual Action Plan and Budget, Council confirms its commitment to a transformed Brimbank that is beautiful, thriving, healthy and connected.

Deliberative engagement is a structured approach to decision making that prioritises informed discussion and reasoned debate among representative community members. It goes beyond consultation or information sharing.

## Community panel principles

# About this Plan

## 2050 Community Vision

Originally developed in 2021, the Community Vision articulated the community's aspirations for Brimbank in 2040. The Community Vision was reaffirmed through a deliberative engagement process with our Community Panel in December 2024 (refer to page 11) and is:

*'By 2050, the Brimbank community will be healthy and safe, and we will be united through a sense of belonging and pride. Our city will be inclusive, resilient, innovative and vibrant, and our people will share equally in the city's prosperity and opportunity. The environment and heritage will be protected and enhanced, and Brimbank's diverse neighbourhoods and housing will offer something for everyone.'*

## Our Pillars

The Annual Action Plan and Budget is built around four key Pillars—People, Places, Prosperity, and Leadership and Governance, shaped by the priorities and needs of our community, and aligned with the Community Vision.

The Pillars guide the actions Council will take in 2025-2026. We're committed to fostering a healthy, active and safe community with responsive services and vibrant public spaces. We're investing in sustainable living, community strengthening, lifelong learning, and economic opportunities to make Brimbank a thriving hub for innovation and employment. And through strong leadership, transparency and innovation, we're ensuring Council delivers high-quality services that reflect the needs of our diverse community.

### People

### Places

### Prosperity

### Leadership and Governance

## Council's key roles

Council plays three key roles in serving the community:

### Deliver

Council provides essential services and infrastructure that support the daily needs and wellbeing of the community and ensures the community is informed of our plans, progress and outcomes.

### Partner

Council collaborates with community groups, businesses, organisations and other levels of government to achieve shared goals and create better outcomes for Brimbank.

### Advocate

Council campaigns for the needs of our community, working to secure funding, influence policy and ensure Brimbank's voice is heard.

## Our integrated approach

Good planning doesn't happen by chance—it requires clear priorities, effective resource management and a strong connection to community needs.

Council's Integrated Planning and Reporting Framework brings everything together, ensuring decisions align with the Community Vision while balancing resources and risks. It sets a clear direction, tracks progress and keeps the community informed. By connecting big-picture goals from the Community Vision 2050 with practical plans like the Council Plan and Annual Action Plan and Budget, it helps shape the services and investments that support our city's future.

While all aspects of Council's work are important, the framework highlights the importance of the following:

- Council's climate emergency declaration reinforces our commitment to bold **Climate Action**, ensuring a just and coordinated approach to tackling climate challenges
- **Transforming Brimbank** is Council's long-term commitment and platform for strategic investment, advocacy and planning to create a sustainable, connected and thriving community
- Council is committed to **Social Justice**—ensuring access, equity, participation and human rights and embeds these principles in policies, plans, programs and services
- **Community Engagement** is crucial in integrated planning as it ensures decisions reflect the needs, priorities and aspirations of the community
- Council needs to factor in **Legislation** and regulations, like the Local Government Act, to make sure our planning is not only effective but also complies with legal requirements, keeping everything transparent and accountable

## Organisational strategy

Our Organisational Strategy is the engine behind how we deliver essential services and projects for the community. It is an internal document that provides the structure and tools to ensure Council's work is well-planned, efficient and aligned with the Council Plan and Annual Action Plan and Budget. By guiding how we operate internally, it helps us manage resources effectively, improve services, and respond to community needs. This approach strengthens transparency, builds trust and ensures we can adapt to challenges while continuing to invest in a thriving, sustainable future for our community.

# Annual Action Plan and Budget 2025–2026

## People

### 1. People

'People' actions will reflect the diverse needs of all residents and enhance social connection and inclusion, wellbeing, supporting marginalised groups, mental health, healthy lifestyles across the lifespan, gender equity, cultural cohesion and mobilising our community champions. Community feedback highlights access to health services, youth programs and mental health support as key priorities, alongside the importance of cultural events, public art and inclusive recreational opportunities.

### People – Year 1 Actions (2025–2026)

Action	Council role	How community will benefit
 <b>1.1</b> Establish the Social Inclusion Action Group Program.	Deliver/ Partner	Social Inclusion Action Groups are community-led groups that support inclusion, reduce isolation and work to improve mental wellbeing and social connection.
 <b>1.2</b> Create a welcoming environment where people can connect and find help to improve their mental health and wellbeing through our library services.	Deliver	Creating a welcoming library environment will provide the community with a safe space where they can connect with others and access resources and support. Examples include referring people to services, social prescribing and providing comfortable furniture and care packs.
 <b>1.3</b> Enhance mental health support for young people and their families.	Deliver	Accessible mental health information and support programs empower young people and their families to recognise early signs of mental health challenges and seek timely care. This proactive approach creates a supportive environment, enabling families to navigate mental health changes effectively and foster overall wellbeing.
 <b>1.4</b> Foster social connection initiatives for seniors and carers.	Deliver	Targeted carers hub programs, improved transport access and strengthened community partnerships will enable seniors and carers to connect, share support and access essential services. This approach reduces isolation and fosters active engagement, creating a more inclusive and supportive environment for everyone.
 <b>1.5</b> Create opportunities for community to be physically active in formal and informal sport and recreation.	Deliver	Providing opportunities for formal and informal sport and recreation helps participants to stay active, improve their health, and build social connections. For people with disability and others facing barriers to access, it creates an inclusive space where they feel welcome, supported and are able to participate

Action	Council role	How community will benefit
 <b>1.6</b> Enhance partnerships to improve reach to non-traditional users and priority communities in leisure facilities.	Deliver/ Partner	This action will make leisure facilities more accessible, ensuring priority groups (e.g. young people with disabilities, refugees, carers and women from different cultures) can participate in activities that support physical and mental health. By promoting inclusivity and social connection, more people will have opportunities to stay active, build friendships and engage in their community.
 <b>1.7</b> Build connection, wellbeing and health for people of all ages and backgrounds through activities developed with and for community at our neighbourhood houses and community gardens.	Deliver	Fostering inclusive, accessible spaces helps people to connect, supports wellbeing and encourages healthy lifestyles. Involving the community in shaping activities ensures everyone feels welcome and benefits from meaningful social and physical opportunities.
 <b>1.8</b> Collaborate with partners on initiatives that support International Women's Day, Pride Month, IDAHOBIT Day and the 16 Days of Activism Against Gender-Based Violence.	Partner	This action raises awareness of gender equality, inclusion and preventing family violence, while building a stronger, more supportive community. These partnerships help spread important messages and demonstrate Council's commitment to fairness, safety and human rights.
 <b>1.9</b> Deliver family violence prevention education sessions through early childhood programs.	Deliver	Delivering family violence prevention education in early childhood programs, in partnership with Maternal and Child Health services and external stakeholders, will help families recognise family violence and options for assistance.
 <b>1.10</b> Foster opportunities for creativity through artistic and cultural activities, studios, performances, grants, and other initiatives.	Deliver	Supporting people to tap into their creativity helps people express themselves, explore cultural heritage, feel a sense of belonging and gain valuable knowledge, insights and skills, which, in turn, leads to innovation and supports the creative and knowledge economy.
 <b>1.11</b> Enable people to learn and share creative industry skills.	Deliver	Skills learned and nurtured through our men's shed, maker space, pottery studio, recording booth and other facilities boost creativity, build confidence and can support new employment opportunities and micro businesses.
 <b>1.12</b> Deliver workshops and information sessions to improve employment pathways for people with disabilities and careers.	Deliver	The community will benefit from improved access to disability-specific employment streams through targeted education initiatives. Careers Week sessions will offer resources to help careers navigate employment pathways. Digital skills training and workshops, in collaboration with employment agencies, will equip people with disabilities and their carers for meaningful jobs.

## People

Action	Council role	How community will benefit
<b>1.13</b>  Enhance community inclusion and cultural engagement through: <ul style="list-style-type: none"> <li>The 'Living in Your Neighbourhood' Program</li> <li>Strengthening the Brimbank and Maribyrnong Interfaith Network and</li> <li>Supporting cultural celebrations through Community Grants</li> </ul>	Deliver	The community will benefit by creating a more welcoming and inclusive environment, strengthening connection, celebrating different cultures and promoting understanding.  Asylum seekers and refugees will benefit from the 'Living in Your Neighbourhood' Program by gaining support in adjusting to their new community, accessing local services, building connections with others and being empowered to participate in community life.
<b>1.14</b>  Commence construction of the Dempster Park Children's and Community Centre.	Deliver	The Dempster Park Children's and Community Centre will provide a welcoming and accessible space for families and community to engage in a variety of activities, including intergenerational programs. It aims to support children's development, offer community services and host programs that promote social inclusion, learning and wellbeing.
<b>1.15</b>  Improving inclusion and wellbeing by working with the Brimbank Disability Network Group to identify and promote inclusive school holiday programs for children with a disability and carers.	Deliver	The community will benefit from information and access to inclusive school holiday programs for children with disabilities. Council will enhance promotion of programs and accessibility. Council will offer concurrent programs for carers and their school aged care recipients, providing essential support and respite and improve inclusion and wellbeing for families
<b>1.16</b>  Celebrate and recognise community contributions.	Deliver	Continue to celebrate and acknowledge volunteers and community champions through initiatives such as the We Are Brimbank Awards, reinforcing mobilising and celebrating community contributions.

# Annual Action Plan and Budget 2025–2026

## 2. Places

As Brimbank grows and evolves, our community wants services and infrastructure to keep pace with change while ensuring a sustainable and well-connected future. Our 'Places' actions will work to protect natural environments and heritage, and maintain clean, accessible and well-designed public spaces. Roads, footpaths and transport networks will support easy movement for all, while parks, trees and green spaces will enhance neighbourhoods and promote environmental sustainability and healthy living.

### Places

### Place – Year 1 Actions (2025–2026)

Action	Council role	How community will benefit
<b>2.1</b> Support the development of the Vietnamese Museum Australia (VMA) and develop the adjacent Welcome Plaza.	Partner (VMA) Deliver (Welcome Plaza)	The VMA will preserve, showcase and celebrate the cultural heritage, history and contributions of the Vietnamese community. The adjacent public plaza will create a welcoming, vibrant public space that serves as a social and cultural gathering point.
<b>2.2</b> Work with partners through the Brimbank Hotspots Working Group to identify actions to address recurring antisocial behaviour.	Partner	The Working Group works with Victoria Police and service providers to develop targeted actions that improve public spaces, reduce negative behaviours and enhance community safety and wellbeing.
<b>2.3</b> Complete design for Glengala Village streetscape upgrade.	Deliver	The design will guide upgrades to the Glengala Village streetscape, which aims to improve safety and accessibility, economic and social vibrancy and provide more spaces for community connection.
<b>2.4</b> Research, form and implement opportunities for creative expression in public places, including exhibitions, projections, murals, sculptures and places for people to gather and perform.	Deliver/ Partner	The community will benefit from an enriched local culture, enhanced public spaces and inclusive opportunities for community engagement. This will foster creativity, strengthen community identity and offer spaces for people to gather, perform and connect.
<b>2.5</b> Protect and expand tree canopy and vegetation to improve biodiversity, enhance liveability and respond to climate change impacts, such as heat.	Deliver	Updating Council's Urban Forest Strategy is crucial for community wellbeing by addressing the urban heat island effect. Reducing these heat islands lowers health risks, energy use and air pollution, ultimately creating a healthier, more resilient environment for residents.

Action	Council role	How community will benefit
<b>2.6</b> Deliver approximately 4500 new trees in streets.	Deliver	The Street Tree Infill Program works to build tree canopy in highest priority areas across the municipality. This works to improve amenity, provide shade and reduce heat in our community.
<b>2.7</b> Complete local park upgrade works to improve accessibility safety and amenities, parks include: <ul style="list-style-type: none"> <li>• Overton Lea Reserve, Sydenham</li> <li>• Stockton Run Reserve, Cairnlea</li> <li>• Hammerwood Avenue Reserve, Derrimut and</li> <li>• Arthur Street Reserve, St Albans</li> </ul>	Deliver	Park upgrades will enhance our open spaces for community connection and recreation. Having diversified facilities, such as shaded areas, fountains and exercise equipment, will improve usability, encouraging connection, play and active lifestyles for all.
<b>2.8</b> Deliver open space and recreation investments, key projects include: <ul style="list-style-type: none"> <li>• \$1.15 million Cliff Harvey redevelopment</li> <li>• \$772,000 Sydenham Basin Reserve Dog Off-Leash Area</li> <li>• Neighbourhood Park Program, which allocates over \$1 million for the design and upgrade of eight parks in 2025-2026 and</li> <li>• \$321,000 HV McKay Memorial Gardens Artwork</li> </ul>	Deliver	Significant investment in parks and public spaces will enhance community wellbeing, recreational opportunities and local accessibility, safety and amenities. These investments align with Council's commitment to enhancing green spaces.
<b>2.9</b> Deliver Council's Greenhouse Gas Reduction Program.	Deliver	Reducing greenhouse gas emissions is necessary to respond to climate change. Moving towards 100% renewable energy and reducing emissions mitigates the negative impacts of climate change, fosters a sustainable future and supports a more vibrant, resilient local community.
<b>2.10</b> Develop a Climate Emergency Strategy to guide Council action over the next 10 years.	Deliver	Developing a new Climate Emergency Strategy will provide a clear roadmap for reducing emissions and addressing climate impacts, creating a more sustainable and resilient community. This proactive approach helps safeguard public health, protect local ecosystems and prepare for future environmental challenges.

## Places

Action	Council role	How community will benefit
<b>2.11</b> Deliver capacity building initiatives to help the community become more sustainable.	Deliver	This action will enable the community to engage with environmental programs and events, empowering and motivating people to live more sustainably. It will help people acquire new knowledge and skills that enable them to make positive environmental changes in their daily lives.
<b>2.12</b> Implement Green Links Conservation projects at yaluk baring park and Kororoit Creek.	Deliver/ Partner	These projects will help improve, enhance and restore important conservation areas within the municipality. Through collaboration with the Department of Environment, Energy and Climate Action, these projects will foster community engagement in preserving and celebrating the local natural environment.
<b>2.13</b> Improve the condition of Council's large-scale water assets (such as stormwater harvesting systems and sediment basins).	Deliver/ Partner	In partnership with Melbourne Water and Greater Western Water, this action will enhance the reliability and sustainability of local water systems and support the community by ensuring better water management and resilience against future environmental challenges.
<b>2.14</b> Deliver the Brimbank Environmental Leadership Program for residents to lead sustainability projects through workshops, mentoring and collaboration.	Deliver	This action will give residents the tools and support to lead sustainability projects, helping to build a stronger, more environmentally conscious community. It encourages collaboration, empowers individuals and drives positive change towards a more sustainable future.
<b>2.15</b> Deliver JR Parsons Reserve sporting upgrades.	Deliver	Delivery of the new football and cricket pavilion will provide the community with an improved reserve through upgraded facilities with multipurpose use.
<b>2.16</b> Deliver safe, accessible and well-maintained roads and footpaths through the delivery of: <ul style="list-style-type: none"> <li>• \$77,000 for pedestrian missing links program</li> <li>• \$3.2 million for footpath repairs throughout Brimbank</li> <li>• \$100,000 to replace and repair existing shared paths</li> <li>• Lighting upgrades for shared user paths on Wright Street, Sunshine and \$100,000 for lighting upgrades on the Shared Path from Hampshire Rd to Derrimut Trail and</li> <li>• \$1.78 million for the Foundry Road Shared User Path</li> </ul>	Deliver	The community will benefit from safer, more accessible roads and footpaths that support everyday travel, reduce hazards and keep pace with growth. Regular audits and continuous improvements will ensure well-maintained infrastructure that enhances mobility for all.  Shared User Paths provide safe, accessible and connected routes for pedestrians, cyclists and other users. They promote active transport, encourage recreation and improve community connectivity.

Action	Council role	How community will benefit
<b>2.17</b> Implement traffic calming Projects include: <ul style="list-style-type: none"> <li>• Sydney Street, Albion</li> <li>• Parmelia Drive and Chichester Drive, Taylors Lake</li> <li>• Anderson Street/ William Street, St Albans and</li> <li>• Fitzgerald Road, Sunshine West.</li> </ul>	Deliver	Traffic calming projects work to make streets safer for pedestrians, cyclists and drivers, reducing the risk of accidents. They also improve quality of life by creating quieter, more pleasant environments, encouraging outdoor activities and fostering a sense of safety and community.
<b>2.18</b> Promote road safety around schools through media campaigns and school crossing supervisors in school zones.	Deliver	This action helps protect children and families by reducing the risk of accidents in school zones. It also raises awareness among the wider community, fostering safer, more considerate driving habits.
<b>2.19</b> Establish a Rapid Response Park Amenity Team.	Deliver	This team will respond quickly to incidents of damage and littering in parks and work to ensure parks are clean, safe and accessible.
<b>2.20</b> Enhance waste management, including reuse and recycling through the implementation of key actions from the Brimbank Waste, Recycling and Litter Strategy.	Deliver	This initiative aims to inform the community about ways to assist Council in addressing the issue of discarded rubbish and to enhance prevention efforts. By improving investigations and compliance regarding illegal dumping, as well as speeding up response times for waste collection, Council's aim is to reduce the amount of rubbish that is left abandoned.
<b>2.21</b> Develop and deliver a response plan to address illegally dumped rubbish.	Deliver	Including better education and engagement of the community to assist Council in addressing this matter and to increase prevention activities like promotion of and access to current services, increase investigation and compliance of illegal dumping and improve response times for collection.
<b>2.22</b> Renew Brimbank's animal holding facility	Deliver	Renewing the facility will improve how Council cares for lost and stray animals, provide a safer and more efficient space for staff, strengthen our response to disasters and emergencies, and help meet the community's future needs.

## Places

Action	Council role	How community will benefit
<b>2.23</b> Progress strategic work to improve access and connectivity and guide Council's transport priorities, investment and advocacy.	Deliver	An Integrated Transport Strategy can help address Brimbank's transport challenges and priorities and strengthen the strategic basis for investment and advocacy to support change in the way people move around Brimbank over time.
<b>2.24</b> Maintain attractive and vibrant activity centres through delivery of activation and business development initiatives, including the Sunshine and St Albans Place Management Programs.	Deliver	Delivering programs that activate and revitalise activity centres improve the sense of community and connection with activity centres, improve community safety and lead to increased visitation, business growth and development. Developing the new Activity Centre Strategy will help guide the continued development of activity centres and delivery of programs.
<b>2.25</b> Continue to evaluate the health, wellbeing and amenity impacts from major infrastructure development, like Melbourne Airport's Third Runway, to inform appropriate mitigation measures.	Deliver / Partner / Advocate	The amenity of our places, neighbourhoods and precincts is maintained or improved, and the health and wellbeing of our community is not unreasonably impacted by major infrastructure investment.
<b>2.26</b> Undertake a feasibility study for a Splash Park at Brimbank Aquatic and Wellness Centre.	Deliver	A feasibility study for a Splash Park at the Brimbank Aquatic and Wellness Centre will assess community benefits, costs, concept design and sustainability to align with long-term community needs and council priorities.

## Prosperity

### 3. Prosperity

Brimbank is an evolving hub for employment, innovation and investment, where everyone can learn, work and succeed. 'Prosperity' actions will endeavour to create a strong local economy, promote access to education and training and inclusive employment pathways, and work with partners to encourage the delivery of increased housing, including more opportunities for diverse, social, and affordable housing. Supporting businesses and attracting investment will drive innovation and shared prosperity. At the same time, addressing challenges such as employment barriers will open up pathways for upskilling and increased workforce participation, ensuring economic opportunities for all.

### Prosperity – Year 1 Actions (2025–2026)

Action	Council role	How community will benefit
<p><b>3.1</b>  Support delivery of the design and plan for the Sunshine Super Hub in collaboration with state and federal governments, developers and transport agencies.</p> <p>Advocate for the entire implementation of the Sunshine Station Master Plan to deliver broad community benefits, including enhanced connectivity, improved accessibility, and local infrastructure uplifts.</p>	Partner/ Advocate	<p>The Sunshine Super Hub will put Brimbank on the map and transform Sunshine into a key visitor destination, with the Station Masterplan ensuring new developments and vibrant public spaces. By improving connectivity, reducing travel time and easing congestion, the project will stimulate economic growth, create jobs and support business in the Sunshine CBD.</p> <p>Council's advocacy effort relates to the entire Sunshine Station Master Plan, which is not included in current government commitments to the Sunshine Super Hub. While the Super Hub will benefit commuters, fully implementing the Master Plan will provide broader advantages for the community, including enhanced connectivity, accessibility, and local infrastructure, making it easier for residents to access essential services. This, in turn, supports local businesses and improves overall quality of life.</p>

Action	Council role	How community will benefit
<p><b>3.2</b>  Partner with State Government:</p> <ul style="list-style-type: none"> <li>To support delivery of the Albion Quarter Structure Plan to help attract development, investment and renewal to Sunshine CBD and</li> <li>To support the design and planning for Albion Station as the catalyst for the future development of the Albion Quarter</li> </ul>	Partner/ Advocate	It is anticipated that the Albion Quarter transformation will unlock a large portion of the 34,000-45,000 new jobs, 21,000-26,000 homes and 55,000-70,000 new residents planned for Sunshine CBD.
<p><b>3.3</b>  Complete a delivery strategy and a business case for the first stage of Sunshine Energy Park.</p>	Deliver	The Park will create a brand new 74 hectare 'Central Park' immediately adjacent to Sunshine CBD. It will also create a mix of activities for our community, including new recreation and event spaces, a sustainability hub and the opportunity to provide sustainable energy solutions.
<p><b>3.4</b>  Complete Council's Visitor Economy Strategy to position Brimbank to attract greater visitation and tourism.</p>	Deliver/ Partner	A strong visitor economy offers social, cultural and economic benefits to the community. By implementing the Visitor Economy Strategy, Brimbank can attract more visitors, support local businesses, and highlight its unique attractions and cultural assets.
<p><b>3.5</b>  Partner with local organisations, including Victoria Police, to uphold a human rights-informed approach to community safety and homelessness by connecting people with social, housing, and alcohol and other drug (AOD) support services, while ensuring public spaces remain safe and welcoming for all.</p>	Partner	A fair and supportive approach to community safety and homelessness assists people to access housing, social and AOD support while working to keep public spaces safe and welcoming. Collaborating with local organisations, including Victoria Police, builds trust and ensures a more rounded response to community needs.

**Leadership and Governance**

## 4. Leadership and Governance

Effective **Leadership and Governance** promotes transparency in decision making and budget allocation and ensures the community is well-informed about Council actions and resource distribution. Clear communication is key to building confidence and ensuring desired outcomes are achieved. Councillors and staff are supported and equipped to deliver best practice governance and accessible and inclusive services, fostering a culture of continuous improvement to meet evolving community needs.

**Leadership and Governance**

### People – Year 1 Actions (2025–2026)

Action	Council role	How community will benefit
<b>4.1</b> Deliver the 'Rail Before Runway' advocacy campaign across 2025-2026.	Advocate	The campaign urges Federal and State Governments to expedite the Melbourne Airport Rail construction to complete it before the third runway at Melbourne Airport, scheduled for 2031. This will offer a rail option for the increased travellers. It also emphasises the need to prioritise the development of the Sunshine Precinct as the first stage of the project, highlighting the potential opportunities from this investment.
<b>4.2</b> Facilitate LeadWest Alliance and joint advocacy for sustainable growth, economic development and improved liveability across Melbourne's western region.	Partner / Advocate	This Alliance is working to improve local infrastructure, create more job opportunities, meeting prevalent community needs and making the western region a better place to live and work.
<b>4.3</b> Work with our partners and community to confirm and inform key priorities for advocacy ahead of the state election in 2026.	Partner / Advocate	Key priorities for advocacy, based on a new Advocacy Plan, will be identified and communicated. This ensures that local needs are highlighted, giving the community a voice in shaping future policies and securing the resources necessary for long-term improvements.
<b>4.4</b> Advocate for a public health approach to gambling reform to reduce harm from online gambling products and electronic gaming machines (EGM).	Advocate	This works to promote environment where the negative effects of EGM are reduced, that supports and protections are in place and the risk of harm are minimised.
<b>4.5</b> Strengthen the capacity of the Community Panel and build their capability to enhance meaningful engagement between Council and the community.	Deliver	A strengthened Community Panel will build stronger connections between Council and residents, ensuring diverse voices are heard and underpin meaningful engagement and community-driven decisions.

Action	Council role	How community will benefit
<b>4.6</b> Inform and engage community, and priority target audience groups, through highly accessible and quality, communications, across a range of channels.	Deliver	Clear, accessible and high-quality communication keeps people informed and engaged, making it easier to understand issues, participate in decisions and access services. Using various channels ensures information reaches diverse audiences. Channels include online communications (websites and social media), traditional print publications, signage, direct mail, electronic mail, media and advertising.
<b>4.7</b> Provide cultural awareness and competency training for community leaders and local organisations to support local Reconciliation with Aboriginal and Torres Strait Islander communities.	Deliver / Partner	This training will equip community leaders and local organisations with the knowledge and skills to foster respectful relationships and meaningful engagement with Aboriginal and Torres Strait Islander communities, strengthening local reconciliation efforts and promoting a more inclusive and connected community.
<b>4.8</b> Deliver actions from Brimbank's Innovate Reconciliation Action Plan 2024-2026.	Deliver / Partner	Embedding cultural respect, strengthening relationships with Traditional Custodians and Aboriginal communities, and supporting reconciliation and cultural heritage initiatives across Council and the community.
<b>4.9</b> Work to strengthen staff safety and create a safer and more respectful environment for all.	Deliver	This action will benefit both the community and staff by creating safer public spaces and services, improving customer experiences, ensuring everyone feels respected and promoting a culture of safety and inclusion.
<b>4.10</b> Implement a professional development program for our Councillors.	Deliver	This will ensure our Councillors are well-informed, effective and equipped to make sound decisions, leading to enhanced leadership, transparency and accountability, as well as stronger community trust and more responsive governance.
<b>4.11</b> Continue development and implementation of Council's long-term technology transformation.	Deliver	Connected Brimbank is a long-term plan to upgrade Council's technology, improving efficiency and service delivery. Investing in digital transformation ensures Brimbank keeps pace with technological changes and can meet evolving community needs.
<b>4.12</b> Embed the new contract management framework across the organisation to maximise the value that Council receives through contractual arrangements for delivery of services, systems and capital works.	Deliver	The new contract management framework will ensure that Council is measuring contractual performance against agreed KPIs. It will improve the value that Council receives and reduce the risk that contractual arrangements are not fulfilled in accordance with terms.
<b>4.13</b> Refine internal processes to ensure services are better coordinated and managed to reflect the needs of the community.	Deliver	Through optimising services, Council aims to reduce delays, enhance efficiency and ensure effective resource utilisation.

# Capital Works

Capital works involve projects that renew, enhance or build essential community assets such as roads, parks, buildings and drainage. These investments are crucial for maintaining safe, functional and sustainable public spaces that support community growth and wellbeing.

Council allocates funding to projects and programs identified through existing plans and strategies. Capital works are defined in the following ways:

- **Renewal** - Restoring or refurbishing existing assets to their original condition and function, extending their service life
- **Upgrade** - Improving an existing asset to enhance its performance and
- **New/Expansion** - Developing entirely new assets or increasing the capacity of existing ones to meet identified community needs

It's important to note that new and expanded assets often result in additional maintenance costs. Maintenance involves the ongoing routine and reactive work to keep assets operational. Maintenance is funded from the operational budget.

Council's proposed Capital Works Program for 2025-2026 will be \$56.7 million.

Highlights of the Capital Works Program include:

- **\$28.6** million on roads and drainage upgrades
- **\$15.5** million on improvements to community facilities including sports and early learning facilities
- **\$4.9** million on playgrounds, parks and gardens
- **\$3.2** million for the cyclical replacement of plant and vehicle fleet
- **\$2.1** million on walking and cycling paths to connect our city
- **\$1.7** million on assets including \$883,500 for library books, and
- **\$0.7** million on land rehabilitation

Detailed information about the Capital Works Program can be found in the following documents:

Appendix 6: 2025-2026 Capital Works Program Details

Appendix 7: 2025-2026 Road Rehabilitation Program

# Financial management and sustainability

A summary of Council's financial position is presented through a high-level table outlining income and expenditure, debts and liabilities, asset sustainability and key financial strategies. Detailed financial statements demonstrating Council's financial performance are provided in Appendix 1.

## Rates

Council's budget must disclose rates and charges in accordance with the **Local Government Act 2020** and its associated regulations. As mandated, Council adopts a **Revenue and Rating Plan**, outlining a four-year strategy for income generation to support the **Council Plan, programs, services and capital works**.

Rates and charges are a key revenue source, and planning for future rate increases remains a central aspect of financial planning. Under the **Fair Go Rates System (FGRS)**, the maximum rate increase for **2025-2026** has been set at **3.00%**. This cap applies to total rate revenue, not individual properties. Due to valuation changes, individual rates bills may vary beyond the capped percentage.

**Key drivers influencing rates and charges include:**

- Funding ongoing service delivery to meet increasing community demands and
- Supporting the renewal and maintenance of infrastructure and community assets

Relevant tables can be found in Appendix 1.

## Fees and charges

User charges primarily recover the costs of service delivery through fees applied to Council services, including leisure and community facilities.

In setting the Annual Budget, the key principles guiding user fee determination are:

- Ensuring fee increases remain minimal or align with market levels
- Fees do not exceed the actual cost of service provision
- Compliance with the **National Competition Policy** and
- Alignment with **Brimbank Council's Social Justice principles**

User fees are projected to increase by 4%.

Further details on **Fees and Charges** are provided in Appendix 5.

## Grants

**Operating Grants:** These include funds received from state and commonwealth sources to support the delivery of Council services. The projected operating grant level is expected to decrease compared to the 2024-2025 forecast.

**Capital Grants:** These grants, received from state, commonwealth and community sources contribute to financing the capital works program. The overall level of capital grants is projected to decrease.

Additional details on Grants are provided in Appendix 1.

## Human Resources

A summary of Council's human resources expenditure is provided, categorised by organisational structure, along with the number of full-time equivalent (FTE) staff in relation to expenditure. Further details can be found in Appendix 1.

# Reporting back to community

## Quarterly reports

Council will provide quarterly reports demonstrating the progress of the 69 actions listed in the Annual Action Plan and Budget 2025-2026.

## Annual community satisfaction survey

Council participates in an Annual Community Satisfaction Survey to gather feedback from residents about their perceptions of Council's services, programs and overall performance. The survey helps identify areas of strength and areas for improvement and provides valuable insights to guide decision making, policy development and future planning to better meet the community's needs and expectations.

## Local Government Performance Reporting Framework (LGPRF)

The LGPRF helps councils in Victoria measure and report how well they are doing in delivering services to the community. It provides service performance indicators and financial performance indicators which allow councils to track their efficiency, effectiveness and service delivery. The framework helps to build transparency, accountability and continuous improvement in local government services and programs. Council's Service and Financial Performance Indicators are provided in Appendix 4.

## Department of Health reporting

Our integrated approach to the Council Plan and the Municipal Public Health and Wellbeing Plan ensures that our quarterly reports and the Annual Report meet our reporting obligations to the State Government regarding our efforts to promote, protect and enhance public health and wellbeing. Additionally, the *Victorian Public Health and Wellbeing Act 2008* mandates that councils report on initiatives aimed at preventing family violence and violence against women within the municipality.

# Appendix 3 – Notes to the financial statements

This section presents detailed information on material components of the financial statements. Council needs to assess which components are material, considering the dollar amounts and nature of these components.

## 1 Comprehensive Income Statement

### 1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's budget.

As per the Local Government Act 2020, Council is required to have a Revenue and Rating Plan which is a four year plan for how Council will generate income to deliver the Council Plan, program and services and capital works commitments over a four-year period.

In developing the Budget, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the financial planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2025/26 the FGRS cap has been set at 3.00%. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rate and the municipal charge will increase by 3.00% in line with the rate cap.

This will raise total rates and charges for 2025/26 to \$195.53 million, including \$1.70 million generated from supplementary rates.

### 1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

## 1.1(m) Any significant changes that may affect the estimated amounts to be raised by rates and charges.

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations (2025/26: estimated \$1,700,000 and 2024/25: \$2,400,000)
- The variation of returned levels of value (e.g. valuation appeals)
- Changes of use of land such that rateable land becomes non-rateable land and vice versa
- Changes of use of land such that residential land becomes business land and vice versa.

## 1.1(n) Differential rates

Rates to be levied:

The rate and amount of rates payable in relation to land in each category of differential are:

- A general rate of 0.17584% (0.17584 cents in the dollar of CIV) for all rateable residential properties;
- A general rate of 0.17584% (0.17584 cents in the dollar of CIV) for all rateable residential flats and units properties;
- A general rate of 0.37122% (0.37122 cents in the dollar of CIV) for all rateable commercial or industrial properties;
- A general rate of 0.36671% (0.36671 cents in the dollar of CIV) for all rateable vacant land properties;
- A general rate of 0.60116% (0.60116 cents in the dollar of CIV) for all rateable commercial/industrial vacant land properties;
- A general rate of 0.16382% (0.16382 cents in the dollar of CIV) for all rateable retirement village properties;
- A general rate of 0.15029% (0.15029 cents in the dollar of CIV) for all rateable farm properties; and
- A general rate of 0.18561% (0.18561 cents in the dollar of CIV) for all rateable cultural and recreational properties

Each differential rate will be determined by multiplying the CIV of each rateable land (categorised by the characteristics described below) by the relevant percentages indicated above.

Council considers that each differential rate will contribute to the equitable and efficient carrying out of council functions. Details of the objectives of each differential rate, the types of classes of land, which are subject to each differential rate and the uses of each differential rate, are set out below.

### Residential Property

Residential property is any property, which is used for private residential purposes, including but not limited to houses and dwellings together with vacant unoccupied houses or dwellings and includes vacant land which is located within the Solomon Heights Estate in North Sunshine which is bounded on the east by the Melbourne to Sydney freight line and is north of Munro Avenue, east of Vermont Avenue and south of Baldwin Avenue. It excludes motels, caravan parks, supported accommodation, accommodation houses, boarding houses and the like.

The money raised by the differential rate will be applied to the items of expenditure described in the Annual Budget by Council. The level of the rate for this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regards to the characteristics of the land.

The geographical location of the land within this differential rate is wherever located within the municipal district, without reference to ward boundaries. The rate reflects the level of service provided and ensures that reasonable rate relativity is maintained between residential property and other classes of property.

### Residential Flat/Unit Property

Residential Flat/Unit property is any property which is used for private residential purposes, including but not limited to flats, units, dual occupancy dwellings together with vacant flats, units, dual occupancy dwellings. It excludes motels, caravan parks, supported accommodation, accommodation houses, boarding houses and the like.

The money raised by the differential rate will be applied to the items of expenditure described in the Annual Budget by Council. The level of the rate for this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regards to the characteristics of the land.

The geographical location of the land within this differential rate is wherever located within the municipal district, without reference to ward boundaries.

The rate reflects the level of service provided and ensures that reasonable rate relativity is maintained between residential flat/unit property and other classes of property.

# 1 Comprehensive Income Statement (continued)

## Retirement Village Property

Retirement village property is any property, which is defined as a Retirement Village under the *Retirement Villages Act 1986*. Rateable assessments under the retirement village classification will be charged at a rate of 109% of the lowest rate.

The money raised by the differential rate will be applied to the items of expenditure described in the Annual Budget by Council. The level of the rate for this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regards to the characteristics of the land.

The geographical location of the land within this differential rate is wherever located within the municipal district, without reference to ward boundaries.

The rate reflects the level of service provided and ensures that reasonable rate relativity is maintained between retirement village property and other classes of property.

## Commercial/Industrial Developed Property

Commercial/Industrial developed land is any land on which a building designed or adapted for occupation is erected to be used for business and/or administrative purposes, which are used primarily for manufacturing processes, including, but not limited to properties used for:

- The sale or hire of goods by retail sales, e.g. shops, auction rooms, hardware stores;
- The manufacture of goods where the goods are sold on the property;
- The provision of entertainment, e.g. theatres, cinemas, amusement parlours, nightclubs;
- Media broadcasting/communication establishments, e.g. television stations, newspaper offices, radio stations, and associated facilities;
- The provision of accommodation other than private residential, e.g. motels, caravan parks, camping grounds, camps, supported accommodation, accommodation houses, hostels, boarding houses;
- The provision of hospitality, e.g. hotels, bottle shops, restaurants, cafés, takeaway food establishments, tearooms;
- Tourist and leisure industry, e.g. flora and fauna parks, gymnasiums, golf courses, indoor sport stadiums, gaming establishments;
- Showrooms, e.g. display of goods;
- Brothels;
- Commercial storage, e.g. mini storage units, wholesale distributors;
- Halls for commercial hire;
- Mixed businesses/milk bars (those operating in a residential type zone under the Brimbank Planning Scheme and nonconforming residential/milk bar properties within industrial zones under the Brimbank Planning Scheme with attached residences, occupied as the principal place of residence of the person(s) operating the mixed business/milk bar component of the rateable property, will have the residential portion rated as residential);
- The manufacture of goods, equipment, plant, machinery, food or beverage which are generally not sold or consumed on site;
- Warehouse/bulk storage of goods;
- The treatment and storage of industrial waste materials;
- Properties used for the provision of health services, hospitals, nursing homes, rehabilitation, medical practices and dental practices; and
- Properties used as offices.

The money raised by the differential rate will be applied to the items of expenditure described in the Annual Budget by Council. The level of the rate for this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regards to the characteristics of the land.

The geographical location of the land within this differential rate is wherever located within the municipal district, without reference to ward boundaries.

The rate is set higher than base rate to recognise that there is generally a higher capacity to pay due to the income capacity of the property.

## Vacant Land

Vacant land is any land, which is:

- unimproved land; and
- which does not have the characteristics of:
  - Commercial/Industrial Vacant Land; or
  - Farm Property,

but does not include land which is located within the Solomon Heights Estate in North Sunshine which is bounded on the east by the Melbourne to Sydney freight line and is north of Munro Avenue, east of Vermont Avenue and south of Baldwin Avenue.

This rate is set higher to encourage development of vacant land sites and ensure that vacant land property owners make a fair and reasonable contribution for current and future infrastructure development.

The money raised by the differential rate will be applied to the items of expenditure described in the Annual Budget by Council. The level of the rate for this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regards to the characteristics of the land.

The geographical location of the land within this differential rate is wherever located within the municipal district, without reference to ward boundaries.

The rate reflects the level of service provided and ensures that reasonable rate relativity is maintained between vacant land and other classes of land.

## Commercial/Industrial Vacant Land

Commercial/Industrial Vacant land is any land on which no building designed or adapted for occupation is erected and is located within:

- Commercial 1, 2 or 3 Zone;
- Industrial 1, 2 or 3 Zone;
- an Activity Centre Zone with an approved precinct plan for commercial or industrial use;
- a Mixed Used Zone;
- a Comprehensive Development Zone with an approved Concept Plan for commercial use; or
- a Special Use Zone.

but does not include land which is located within the Solomon Heights Estate in North Sunshine which is bounded on the east by the Melbourne to Sydney freight line and is north of Munro Avenue, east of Vermont Avenue and south of Baldwin Avenue.

This rate is set higher to encourage development of Commercial/Industrial vacant land sites and ensure that Commercial/Industrial vacant land property owners make a fair and reasonable contribution for current and future infrastructure development.

The money raised by the differential rate will be applied to the items of expenditure described in the Annual Budget by Council. The level of the rate for this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regards to the characteristics of the land.

The geographical location of the land within this differential rate is wherever located within the municipal district, without reference to ward boundaries.

The rate reflects the level of service provided and ensures that reasonable rate relativity is maintained between vacant land and other classes of land.

## Farm Property

Farm property is any land, which is:

- Not less than 2 hectares in area;
- Used for the carrying of a business of primary production as determined by the Australian Taxation Office; and
- Used primarily for grazing, dairying, pig farming, poultry farming, fish farming, tree farming, bee keeping, viticulture, horticulture, fruit growing, or the growing of crops of any kind or for any combination of these activities.

The farm rate is lower than for other classes of land due to farming operations involving large properties which tend to have significant value and which are often operated as family concerns. Agricultural producers are unable to pass on increases in costs like other businesses. Farm profitability is affected by the fluctuations of weather and international markets. In this sense, farms are seen to be more susceptible or fragile than other commercial and industrial operations.

The money raised by the differential rate will be applied to the items of expenditure described in the Annual Budget by Council. The level of the rate for this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regards to the characteristics of the land.

The geographical location of the land within this differential rate is wherever located within the municipal district, without reference to ward boundaries.

## Cultural and Recreational Land

Under the Cultural and Recreational Land Act 1963, provision is made for a Council to grant a rating concession to any recreational lands which meet the test of being rateable land under the Local Government Act 1989.

Rateable assessments that receive a Cultural & Recreational Land rate will be classified as Commercial/Industrial and will be charged at 50% of the Commercial/Industrial rate in the dollar.

The money raised by the differential rate will be applied to the items of expenditure described in the Annual Budget by Council. The level of the rate for this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regards to the characteristics of the land.

The geographical location of the land within this differential rate is wherever located within the municipal district, without reference to ward boundaries.

The rate reflects the level of service provided and ensures that reasonable rate relativity is maintained between recreational land and other classes of land.

Other	75	75	0	0.00
<b>Total statutory fees and fines</b>	<b>9,051</b>	<b>9,025</b>	<b>(26)</b>	<b>(0.29)</b>

Statutory fees relate mainly to fees and fines levied in accordance with legislation and include animal registrations, health registrations, planning and building fees and parking fines. Statutory fees are set in accordance with legislative requirements.

Statutory fees and fines are projected to decrease by \$0.26 million or 0.29% compared to 2024/25.

A detailed listing of statutory fees and non-statutory fees is included in Appendix 5.

## 1.3 User fees

<b>Total user fees</b>	<b>20,632</b>	<b>20,133</b>	<b>(499)</b>	<b>(2.42)</b>

User charges relate mainly to the recovery of service delivery costs through the charging of fees to users of Council's services. These include use of leisure facilities, community facilities and the provision of community wellbeing such as home help services.

In setting the Annual Budget, the key principle for determining the level of user fees has been to ensure:

- Increases are kept to a minimum or in line with market levels
- They are not charged more than actual expenditure
- They are in compliance with the National Competition Policy
- They are in accordance with the Brimbank Social Justice Charter

User fees are projected to decrease by (\$0.50 million) or 2.42% compared to the 2024/25 forecast. This is predominately due to lower income from the Brimbank Aquatic & Wellness Centre (BAWC) as the initial years of operation has held gym memberships higher than expected. In 2025/26, it is anticipated that this trend will not continue, and eventually, health and fitness memberships will decline compared to the initial years of operation. Aquatic member revenue is projected to increase, with aquatic membership retention performing better than fitness.

A detailed listing of fees and charges is included in Appendix 5.

<b>Total grants</b>	<b>34,829</b>	<b>31,819</b>	<b>(3,010)</b>	<b>(8.64)</b>

For the 2025/26 year, Council is expecting to receive \$31.82 million in Grants which is a decrease of \$3.01 million compared to the 2024/25 forecast.

Operating Grants include all monies received from State and Commonwealth sources for the purposes of funding the delivery of the Council's services to ratepayers. Overall, the operating grant level is projected to decrease by \$2.31 million or 8.16% compared to the 2024/25 forecast. The 2024/25 forecast reflects higher grants due to reduction of services in Aged Care. Capital Grants include all monies received from State, Commonwealth and community sources for the purposes of funding the capital works program. Overall, the level of capital grants is projected to decrease by (\$0.70 million) or (10.74%) compared to 2024/25 forecast.

A list of operating and capital grants by type and source, classified into recurrent and non-recurrent is included in the table above.

## 1.5 Contributions

	Forecast 2024/25 (\$'000)	Budget 2025/26 (\$'000)	Change	
			(\$'000)	%

<b>Total contributions</b>	<b>18,415</b>	<b>9,426</b>	<b>(8,989)</b>	<b>(48.81)</b>

Monetary Contributions relate to monies received from Developer Contributions, State Government, Federal Government, Special Rates schemes and community sources. Contributions monetary are expected to decrease by (\$8.99 million) or 48.81% compared to 2024/25 due to specific Open Space Contributions received in 2024/25.

Non-monetary Contributions relate to assets that arise out of new subdivisions within the municipality and are vested to Council.

<b>Total Net gain/(loss) on disposal of property, infrastructure, plant and equipment</b>	<b>495</b>	<b>(3)</b>	<b>(498)</b>	<b>(100.70)</b>

Proceeds from the sale of Council assets relate mainly to the sale of Council owned land and the planned cyclical replacement of part of the plant and vehicle fleet.

Council regularly assesses its land holdings to ensure Council owned land best meets the needs of the community. Through this process, land is both purchased and, where it is identified as being surplus to Council's needs, proposed for sale.

## 1.7 Other income

<b>Total other income</b>	<b>12,945</b>	<b>12,471</b>	<b>(474)</b>	<b>(3.66)</b>

Other income relates to a range of items such as private works, cost recoveries and other miscellaneous income items. It also includes interest revenue on investments and rate arrears.

Other Income is budgeted to decrease by \$0.47 million or 3.66% compared to the 2024/25 forecast mainly due to other income.

## 1.8 Employee costs

	Forecast 2024/25 (\$'000)	Budget 2025/26 (\$'000)	Change	
			(\$'000)	%
Wages and salaries	100,307	100,819	513	0.51

Superannuation	11,087	12,100	1,012	9.13
Fringe benefits tax	200	160	(40)	(20.00)
<b>Total employee costs</b>	<b>114,089</b>	<b>115,928</b>	<b>1,839</b>	<b>1.61</b>

Employee costs include all labour related expenditure such as wages and salaries, allowances, leave entitlements, employer superannuation, etc. Payments to contract employees are not included in this cost category.

Employee costs are budgeted to increase by \$1.84 million or 1.61% compared to the 2024/25 forecast. This is predominately due to:

- EBA increase and reclassification of existing staff positions and band movements across the council.
- The impact of unfilled vacancies across the council in 2024/25. Much of the vacancies in 2024/25 were backfilled by contract labour (forecasted as Agency costs in materials and services).
- Superannuation Guarantee Contribution increases from 11.50% to 12.00%.
- Redundances in Aged Care Services during 2024/25.

## 1.9 Materials and services

	Forecast 2024/25 (\$'000)	Budget 2025/26 (\$'000)	Change	
			(\$'000)	%

Insurance	2,966	3,312	346	11.67
Utilities	6,369	8,429	2,060	32.35
Other	8,913	7,225	(1,688)	(18.94)
<b>Total materials and services</b>	<b>85,424</b>	<b>89,007</b>	<b>3,582</b>	<b>4.19</b>

Materials and services include the purchases of consumables, payments to contractors for the provision of services and utility costs.

Material and services are budgeted to increase by \$3.58 million or 4.19% compared to the forecast for 2024/25. The increase is predominately due to:

- Higher Utility costs \$2.06 million
- An increase of \$0.80 million in tipping fee expense due to State Government Landfill going from \$132.76 to \$169.79 per tonne in 2025/26
- Dumped rubbish Prevention, Enforcement and Collection Initiative

This is partially offset by lower contract payments (Agency costs \$1.99 million) anticipated as vacancies backfilled by contract in 2024/25 are projected to be filled with staff in 2025/26.

<b>Total allowance for impairment losses</b>	<b>1,100</b>	<b>1,100</b>	<b>0</b>	<b>-</b>

Overall, the allowance for impairment losses is budgeted to remain the same as the 2024/25 forecast. This is also in keeping with prior year trends.

## 1.11 Depreciation

	Forecast 2024/25 (\$'000)	Budget 2025/26 (\$'000)	Change	
			(\$'000)	%

<b>Total depreciation</b>	<b>56,160</b>	<b>57,886</b>	<b>1,725</b>	<b>3.07</b>

Depreciation is an accounting measure which attempts to allocate the value of an asset over its useful life for Council's property, plant and equipment including infrastructure assets such as roads and drains.

The increase of \$1.73 million compared to 2024/25 forecast is mainly due to the effect of the 2024/25 Capital Works Program on depreciation and the revaluation of several infrastructure asset classes.

## 1.12 Amortisation - right of use assets

	Forecast 2024/25 (\$'000)	Budget 2025/26 (\$'000)	Change	
			(\$'000)	%

<b>Total amortisation - right of use assets</b>	<b>1,995</b>	<b>1,995</b>	<b>(0)</b>	<b>(0.00)</b>

The term 'right of use asset' refers to assets leased by an organisation for which they have a contractual right to use. Due to a change in accounting standards the value of Council's leased assets is required to be recognised in Council's accounts as well as subsequent amortization of said assets. It essentially reflects the consumption of a leased asset over its useful life.

<b>Total Borrowing costs</b>	<b>2,515</b>	<b>2,927</b>	<b>412</b>	<b>16.38</b>

Borrowing costs relate to interest charged by financial institutions on funds borrowed.

<b>Total finance costs - leases</b>	<b>407</b>	<b>379</b>	<b>(28)</b>	<b>(6.92)</b>

Council is now required to account for the interest component of lease payments separately. The interest component included in lease payments compensates the leasing company for tying up its capital during the lease term.

<b>Total other expenses</b>	<b>4,484</b>	<b>3,931</b>	<b>(554)</b>	<b>(12.35)</b>

Other expenses relate to a range of unclassified items including contributions to community groups, advertising, insurances, motor vehicle registrations and other miscellaneous expenditure items.

Other expenses are budgeted to decrease by \$0.55 million or 12.35% compared to the 2024/25 forecast, primarily due to the uncertainty of the Infringement Adjustments/Withdrawal outcomes.

# 2 Balance Sheet

## 2.1 Assets

### Current Assets

Total current assets in 2025/26 are projected to decrease by (\$18.18 million) compared to 2024/25 forecast.

The decrease in current assets is mainly attributable to a decrease in cash and cash equivalents of (\$17.19 million). Cash and cash equivalents include cash and investments such as cash held in the bank and in petty cash and the value of investments in deposits or other highly liquid investments with short-term maturities of three months or less.

Trade and Other receivables decrease by \$0.99 million. Trade & Other Receivables are monies owed to Council by ratepayers and others.

Other assets includes items such as prepayments for expenses that Council has paid in advance of service delivery, inventories or stocks held for sale or consumption in Council's services and other revenues due to be received in the next 12 months. There are no significant changes expected in these balances.

### Non-Current Assets

Total non-current assets are expected to increase by \$3.14 million compared to 2024/25 forecast.

Property, infrastructure, plant and equipment is the largest component of Council's Non-Current Assets and represents the value of all the land, buildings, roads, vehicles, equipment, etc. which has been built up by Council over many years. The increase in this balance is largely attributable to the Capital Works Program of \$60.28 million, offset by the depreciation of assets (\$57.89 million).

## 2.2 Liabilities

### Current Liabilities

Total current liabilities, which represent obligations that Council must pay within the next year, are expected to increase by \$23.16 million from 2024/25. This is predominantly due to interest-bearing liabilities of \$22.24 million, where an interest only loan becomes payable in the 2025/26.

### Non-Current Liabilities

Total non-current liabilities, which represents obligations that Council must pay beyond the next year, are expected to decrease by \$43.45 million from 2024/25 primarily due to reduction of interest-bearing loans and borrowings due to an interest only loan becoming due in 2025/26.

## 2.3 Borrowings

The table below shows information on borrowings specifically required by the Regulations.

	Forecast 2024/25 (\$'000)	Budget 2025/26 (\$'000)
Amount borrowed as at 30 June of the prior year	85,714	90,617
Amount proposed to be borrowed	14,000	12,000
Amount projected to be redeemed	(9,097)	(31,337)
<b>Amount of borrowings as at 30 June</b>	<b>90,617</b>	<b>71,280</b>

Borrowing costs relate to interest charged by financial institutions on funds borrowed.

## 2 Balance Sheet (continued)

### 2.4 Leases

As a result of the introduction of AASB 16 Leases, right-of-use assets and lease liabilities have been recognised as outlined in the table below:

	Forecast 2024/25 (\$'000)	Budget 2025/26 (\$'000)
<b>Right-of-use assets</b>		
Plant and equipment	5,046	3,051

<b>Total non-current lease liabilities</b>	<b>7,187</b>	<b>5,256</b>
<b>Total lease liabilities</b>	<b>14,385</b>	<b>10,237</b>

## 3 Statement of changes in Equity

### 3.1 Reserves

Reserves are budgeted to decrease by a net (\$9.49 million) comprising the following movements:

- decrease in Sinking Fund Reserve (\$13.70 million);
- increase in Developers Contributions \$4.21 million.

### 3.2 Equity

Total equity is expected to increase by \$6.04 million by the end of 2025/26. Total equity is the net of Council's Total Assets less Council's Total Liabilities and is made up of the following components:

- Accumulated surplus - which is an accumulation of Council's operating results since its inception. This is budgeted to increase by \$14.74 million by the end of 2025/26.
- Reserves - which represents funding set aside for specific purposes as well as changes in the value of Council's assets after a revaluation takes place. Reserves are budgeted to decrease by (\$9.49 million) by the end of 2025/26.

## 4 Statement of Cash Flows

### 4.1 Net cash flows provided by/used in operating activities

Cash flows from operating activities depicts inflows and outflows of cash from ongoing regular business activities. The net cash flows from operating activities does not equal the operating surplus (deficit) for the year as this includes non-cash items such as depreciation which have been excluded from the Cash Flow Statement.

Net cash inflow from operating activities are budgeted to decrease by \$9.83 million from the 2024/25 forecast mainly due to:

#### Inflows:

- An increase in inflows for Rates and charges of \$6.87 million.
- A decrease in inflows for Monetary Contributions of \$9.93 million. The 2024/25 forecast includes a large amount for the Orica site and amounts of this size are not anticipated to be in the forecasted period.

#### Outflows:

- An increase in cash outflows of \$3.58 million for materials and services.

### 4.2 Net cash flows provided by/used in investing activities

Cash flows from investing activities depicts inflows and outflows of cash related to the acquisition and disposal of Council assets. Assets are deemed to be an 'investment' in the business hence the term 'investment activities'.

Net cash outflows from investing activities are budgeted to decrease by (\$2.23 million) from 2024/25 forecast primarily due to an decrease in Property, plant and equipment outflows of (\$2.42 million) and decrease in the cash inflows from the proceeds of sale of property, infrastructure, plant and equipment of (\$0.20 million).

### 4.3 Net cash flows provided by/used in financing activities

Cash flows from investing activities depicts inflows and outflows of cash related to the acquisition and redemption of financial loans as well as interest payments and principal repayments of loans.

Net cash from financing activities is budgeted to end the 2025/26 year with a net outflow of cash of \$24.57 million after forecasting to end the 2024/25 year with net outflow of (\$0.17 million). This represents an overall outflow of \$24.75 million over the course of the 2025/26 year. This is primarily attributable to the repayment of a \$21 million interest only loan.

## 5 Capital works program

This section presents a listing of the capital works projects that will be undertaken for the 2025/26 year, classified by expenditure type and funding source. Works are also disclosed as current budget or carried forward from prior year.

### 5.1 Summary

	Forecast 2024/25 (\$'000)	Budget 2025/26 (\$'000)	Change (\$'000)	%
Property	15,304	14,273	(1,031)	(6.74)

<b>Total</b>	<b>62,702</b>	<b>60,281</b>	<b>(2,422)</b>	<b>(3.86)</b>

Council's proposed Capital Works Program for 2025/26 will be \$60.28 million, including \$3.60 million of Carry Forward expenditure from 2024/25.

	Project Cost (\$'000)	Asset expenditure types			Summary of Funding Sources

A distinction is made between expenditure on new assets, asset renewal, and upgrade. Asset renewal relates to expenditure on existing asset or replacement of an existing asset, that returns service level to its original capability. Expenditure on new assets does not have any element of expansion or upgrade of existing assets, but will result in an additional burden for future operation, maintenance and capital renewal. It is worth noting that with the Capital renewal expenditure of \$38.53 million being below the annual asset depreciation budget of \$57.89 million, Council's assets are deteriorating at a quicker rate than they are being renewed. Council will be funding \$54.43 million or 90.30% of the total capital expenditure.

## Financial performance indicators (continued)

- + Forecasts improvement in Council's financial performance/financial position indicator
- o Forecasts that Council's financial performance/financial position indicator will be steady
- Forecasts deterioration in Council's financial performance/financial position indicator

### Notes to indicators

#### 1. Adjusted underlying result

An indicator of the sustainable operating result required to enable Council to continue to provide core services and meet its objectives. The 'Adjusted underlying result' ratio forecast (1.84) is lower than the budgeted amount of (3.10), indicated that for the Forecast we are not generating enough internally sourced revenue to fund the operations.

#### 2. Working Capital

The proportion of current liabilities represented by current assets. It is a general measure of the organisation's liquidity and its ability to meet its commitments as and when they fall due. Working capital is expected to decrease from 233.33 in 2024/25 Forecast to 145.45 in 2025/26.

#### 3. Unrestricted Cash

This represents cash funds which are free of all specific Council commitments and are available to meet daily cash flow requirements, unexpected short term needs and any Budget commitments. Council's unrestricted cash includes total cash balances less (1) allocations for carry forward of capital projects, (2) amounts transferred to reserve for open space developer contributions and (3) amounts transferred to reserves to meet future principal repayments for interest only debt obligations.

#### 4. Debt compared to rates

This indicator observes Council's ability to repay its debts using its key source of income, Rates. The ratio is forecasted to be at 47.78 then decrease to 36.45 for the 2025/26 budget therefore a decrease in the level of debt.

#### 5. Asset renewal

This ratio indicates the extent of Council's renewals against its depreciation charge (an indication of the decline in value of its existing capital assets). A ratio greater than 1.0 indicates Council is maintaining its existing assets, while a ratio less than 1.0 means its assets are deteriorating faster than they are being renewed and future capital expenditure will be required to renew assets. The asset renewal ratio will go from a 2024/25 Forecast of 107.52 to a 2025/26 Budget of 94.16.

#### 6. Rates concentration

Reflects extent of reliance on rate revenues to fund all of Council's on-going services. Trend indicates Council will continue to be reliant on rate revenue compared to all other revenue sources.

## Appendix 5

### Fees and charges schedule

This appendix presents the fees and charges of a statutory and non-statutory nature which will be charged in respect to various goods and services provided during the 2025/2026 year.

Fees and charges are based on information available at the time of publishing and may vary during the financial year subject to any changes in Brimbank's policy or legislation.

All figures are inclusive of GST where GST is applicable.

#### Function Hire

Function Hire applies to bookings after hours and will only be considered for activities that have a learning focus - please note curfew times below.

Bookings are primarily for learning focused youth events/activities that may be considered by written application and approval by the Manager Community Learning & Participation.

Please note: Visy Cares Hub does not accept function hires such as birthdays, parties, celebrations etc.
