

Taylors Lakes Dog Park

(Wurundjeri Country)

You are invited to come and talk to us about a proposal for a destination dog park in Taylors Lakes. The dog park would provide an inviting space for dogs and their owners with plenty of open space and improved facilities.

The dog park would be fully enclosed with a separate area for small dogs, drinking fountains, bins, dog waste bag dispensers, signage and seating.

This section of the wider park is proposed to be enclosed to allow for the future shared user path and provide separation between path users and dogs in the future. In addition, the large size and linear shape of the current fenced area between Kings Rd and Sandpiper Drive is not in accordance with dog park design guidance where there needs to be adequate ability for owners to control and re-call their dogs.

Whilst this section will be an enclosed the adjacent un-fenced dog off leash areas will be retained:

For further information

131 450
Local call costs apply

-  Fenced Dog Off-leash Area (1.2m tall fence)
-  Granitic Sand Circuit Path
-  Shelter (feasibility to be determined by service authority)
-  Seat
-  Double Gate
-  Existing Drinking Fountain

This draft plan of the proposed dog park has been developed which shows the proposed location of access gates and features. This parkland area is of high significance for local fauna and flora species and this design seeks to integrate these ecological values into the layout of the dog park and minimise the removal of vegetation.

If you would like to talk to us about this proposal please come to the listening post listed below or email us on info@brimbank.vic.gov.au.
