

The \$50 million Local Parks Program will create new pocket and dog parks, and upgrade and improve existing parks. It is part of the Victorian Government's \$154 million investment to create more than 6,500 hectares of parklands and trails across Melbourne.

New Pocket Parks

Ranging in size from half a tennis court to a couple of Olympic swimming pools, pocket parks will include a range of features for local communities to enjoy.

Key features

The project aims to revitalise the under-utilised space associated with Leslie St Activity Centre by creating an open space for local community enjoyment, relaxation and connection. The raised pedestrian crossing platform will also enhance pedestrian amenity, safety and connectivity.
